

MINI SEVEN RACING CLUB

BULLETIN #4_2013

RE: CHAMPIONSHIP DECALS

To all Club Members and Associates,

Following a query regarding Championship Decals and Sponsors' Stickers, the Committee of the Mini Seven Racing Club issues the following reminder:

With reference to 2013 M7RC Regulations, under TR.5.17 'Numbers & Championship Identification', competitors are strongly reminded to ensure that regulations in this section are adhered to, including having the correct door number squares and windscreen headers (TR.5.17.3), plus all of the series sponsors stickers on the cars, as outlined in TR.5.17.4.1 to TR.5.17.4.7 (Dunlop; Mini Sport; A-Series Spares; Spax; *Mini Magazine*; Ixo; Piper; NW Brown). These stickers are readily available in the paddock at the M7RC stand, and guidance on where on the car these should go is outlined in TR.5.17.4.9. Similarly, drivers surnames should be displayed as outlined in TR.5.17.5.

While the Committee of the M7RC does not wish to impinge on personal sponsorship deals and liveries, the correct display of the series sponsors' logos is equally important to the financial stability and media promotion of the M7RC, and competitors are further reminded that "The M7RC has the right to refuse to accept any livery and order repainting if the required standards are not met", as outlined in TR.5.17.6.
